3:13 PM **me**: very well
http://www.vanityfair.com/online/politics/2010/01/ex-conservative-charles-johnsons-next-crusade.html
just announced Project Fuck Everyone
3:14 PM **BushwickBK.com**: oh excellent
so, though you may be moving to yupsterville
I was thinking, will this necessarily preclude you from writing for BBK altogether?
3:15 PM **me**: I guess not, actually
BushwickBK.com: I do have delusions of covering E Wburg as well
me: still deciding on that, though?
BushwickBK.com: no, I want to, but help is sparse
3:16 PM and I'd still be hot on a Fat Albert article
me: oh, right
BushwickBK.com: just wanna leave the door open for you, you're a unique talent and you are fucking funny
3:17 PM so I get why you can't do a column, but I'd still love to have other pieces from you of a more static variety
reviews and such
me: well, I haven't done great with this column, sort of adrift on how it should go, my mentality is all taken up with politics and media criticism
BushwickBK.com: yah I know
3:18 PM **me**: but yeah, if you want me to do some pieces on my new neighborhood or the surrounding area or whatever, I'd be happy to do so
not writing for the Onion anymore, after all
fucking editor was a douchebag
3:19 PM **BushwickBK.com**: that sucks
me: not really
3:20 PM they didn't pay much
I'm trying to do two pieces a month for VF now
they pay like $300 each
BushwickBK.com: but yeah any restaurants you end up frequenting this side of say, manhattan av? would be game for review
me: that would more than cover my rent
BushwickBK.com: that's awesome

me: yeah, I was thinking I'd do that
going to be living with this female friend of mine, will probably be forced to leave my house anyway

3:21 PM **BushwickBK.com**: hahaha
